

“Gunman Threatens School Rampage”

Lack of Security Cited As Concern by Parents, Teachers

Could This be Said in Your School?

Sorensen, Wilder & Associates introduces

Desktop Security Audits for Schools

A program designed to assess vulnerabilities in your school's security plan, but priced for those unable to absorb the expense of a comprehensive on-site assessment. Our Desktop Security Audit includes:

- Review of all written security policies
- Review of minutes of Safety Committee / Crisis Committee meetings
- Telephone interview(s) and verbal consultation
- Written report with audit results and recommendations, including a Risk and Defensibility Grid.

\$1,299.00
